Tender cabbage leaves are filled with a savory mixture of ground beef, rice, Parmesan cheese, and fresh herbs, then nestled into my homemade marinara sauce and topped with even more sauce before baking until tender and bubbling. The result is a hearty, comforting dish that brings two culinary traditions together in one very special recipe.

This Italian-style cabbage rolls recipe is one of those dishes that carries a little bit of history with every bite. It was inspired by my ex-mother-in-law's traditional Polish cabbage rolls, a recipe that has stayed with me through the years. Although life took us in different directions, I never forgot her recipe—or the comfort that came with it.

When I recreated it in my own kitchen, I couldn't resist adding a little Italian flair. I brought in flavors that are familiar to me and rooted in my Italian cooking: Parmesan cheese, fresh herbs, and my homemade marinara sauce. The

result is a beautiful blend of Polish tradition and Italian flavors—a recipe that honors where it came from while making it my own.

It's the kind of meal that belongs in the center of the table, surrounded by family, good bread, and plenty of sauce for dipping.

How to Make Easy Italian-Style Cabbage Rolls

Cabbage rolls may look like a lot of work, but they really aren't. The trick is to break the recipe into a few simple steps and, if you have the time, do some of the preparation ahead. I've made plenty of recipes over the years that look complicated when you first read them, but once you get organized in the kitchen, they become much easier.

The good news is that almost every part of these cabbage rolls can be prepared ahead of time.

Start with the Cabbage

The first step is softening the cabbage leaves so they're pliable enough to roll. You can easily do this a day or two ahead. Once the leaves are softened, separate them, let them cool, and store them covered in the refrigerator.

A little tip: I like to prepare a few extra cabbage leaves. Some may tear while you're separating them, and having extras makes assembling the rolls much easier.

Make the Marinara

The marinara sauce can also be made ahead. In fact, this is one of those recipes where having homemade marinara already in the freezer makes dinner so much easier.

I usually make a big batch and freeze it in different-size containers. That way, I always have sauce ready for recipes like these cabbage rolls, pasta, chicken, or anything else that needs a good tomato sauce.

If you're making the marinara specifically for this recipe, you can prepare it **a day ahead and refrigerate it**.

Prepare the Filling

The beef and rice filling can be prepared ahead as well. Mix everything together, cover, and refrigerate until you're ready to assemble the cabbage rolls.

This is where doing a little prep ahead really pays off. When the cabbage, marinara, and filling are ready, the hardest part is already done.

Assemble the Cabbage Rolls

When you're ready to assemble, lay a cabbage leaf flat, add the filling, and roll it up, tucking in the sides as you go. You don't need to make every roll exactly the same size—just try to keep the filling evenly divided.

Spread some marinara sauce in the bottom of your baking dish, arrange the cabbage rolls seam-side down, and spoon more marinara over the top.

Then into the oven they go.

Can You Make Cabbage Rolls Ahead?

Absolutely. That's one of the things I love about this recipe.

You can assemble the cabbage rolls earlier in the day, cover them, and refrigerate them until you're ready to bake. You can also freeze them **before or after baking**.

If freezing them unbaked, thaw them overnight in the

refrigerator before baking. If they're already baked, let them cool completely before freezing, then thaw and reheat gently in the oven.

My best advice: Don't think of this as one big recipe. Prepare the cabbage, make the sauce, prepare the filling, and then put everything together. Once you approach it that way, these Italian-style cabbage rolls are much easier than they first appear—and they're well worth the little bit of extra effort

Italian Style Cabbage Rolls

Tender cabbage leaves filled with a savory Italian-style meat and rice mixture, baked slowly in a rich tomato sauce until tender and flavorful. These comforting Italian cabbage rolls make a hearty family dinner and are perfect for make-ahead meals.

- 1 medium head of cabbage
- 2 Tbsp. olive oil
- 1 cup chopped onion
- 1 Tbsp. minced garlic
- 1/2 lb. ground beef
- 2 cups cooked rice
- 1 cup grated parmesan
- 1 egg

- 1/2 cup chopped Italian parsley
- salt and pepper to taste
- 4 cups my easy marinara sauce

1. Prepare the cabbage by removing as much of the core as possible. Then place the cabbage in a large pot of salted water. Bring to a boil and cook for 5 minutes or until you can easily separate the leaves with thongs. You may need to help the leaves off using a knife. Set aside to cool. The smaller leaves can be frozen for soup.
2. Make the filling in a saute pan in 2 tbsp. of olive oil cook the onion and garlic until soft and translucent. Then add the ground beef and cook until brown.
3. Using the same water from the cabbage cook the rice for 5-7 minutes or until the rice is cooked al dente. Drain the rice
4. Mix the cooked ground beef mixture with rice. Add the egg , parmesan, Italian parsley and 1 cup of the marinara sauce, salt and pepper to taste mix until well combined
5. Assemble the cabbage rolls: Place a cabbage leaf on a flat surface place 2 tbsp. of the filling in the center . Fold the flaps over the filling then roll up jelly roll style.
6. Line an oven proof casserole dish with 1 cup of my easy marinara sauce. place the filled cabbage rolls on top. Top with the remaining 2 cups of marinara.
7. Bake in a preheated 375-degree oven for 35- 45 minutes. Top with additional Italian parsley

Don't overcook the cabbage leaves when blanching them. You want them tender enough to roll but still sturdy enough to hold the filling. Remove the thickest part of the center rib if needed—it makes rolling the cabbage much easier and gives you neat, evenly cooked rolls.

Golden and crispy on the outside, tender and flavorful on the inside, **Arancini are one of Italy's most beloved street foods.** These delicious Italian rice balls are filled with a rich, savory meat sauce and creamy mozzarella, then coated and fried until perfectly golden.

The name *arancini* means “little oranges” in Italian, a reference to their round shape and beautiful golden color. While they originated in Sicily, these irresistible rice balls can now be found throughout Italy, with each region putting its own delicious spin on them.

The classic version is filled with meat sauce, peas, and mozzarella, but there are countless variations, from saffron-infused rice to vegetarian fillings and different cheeses. No matter the filling, the appeal is the same: **a crisp, golden exterior giving way to warm, creamy, savory goodness inside.**

Perfect as an appetizer, snack, or part of an Italian-style dinner, arancini are always a crowd-pleaser—and a delicious taste of Italy in every bite.

Arancini: Italian Rice Balls

Making arancini may seem like a project, but with a little preparation, they're much easier than you might think. The key is to make the rice or risotto ahead of time and give yourself a little time to assemble everything before frying.

Steps to Make This Arancini Italian Rice Ball Recipe Easy

Step 1: Prepare the rice.

Make the risotto a day or two ahead and refrigerate it. Cold rice is much easier to work with and helps the arancini hold their shape.

Step 2: Set up your workstation.

When you're ready to make the arancini, have everything prepared and within reach: the chilled risotto, cubed mozzarella, meat filling, seasoned breadcrumbs, and beaten eggs.

Step 3: Shape and bread the arancini.

Take a portion of the rice and gently flatten it in your hand. Add a little meat filling and a cube of mozzarella, then carefully shape the rice around the filling, sealing it completely. Dip each rice ball in beaten egg, then roll it in the breadcrumbs. Place the finished arancini on a parchment-lined baking sheet.

Step 4: Refrigerate until ready to cook.

The arancini can be made several hours ahead, or even the day before. Cover and refrigerate until you're ready to cook them.

Step 5: Fry until golden.

Heat the oil and fry the arancini in batches until they're beautifully golden and crisp on the outside. Don't overcrowd the pan, or the oil temperature will drop and the arancini won't crisp properly.

Short on time? You can also bake the arancini in the oven or cook them in an air fryer for a lighter option.

Serve them **hot, while the outside is crisp and the mozzarella inside is warm and gooey.** That's when they're at their best.

Storage

Refrigerator: Store cooked arancini in an airtight container for **up to 3 days.**

Freezer: Freeze cooked or uncooked arancini in a single layer until firm, then transfer to a freezer-safe container for **up to 3 months.** Cooked arancini can be reheated directly in a 375°F oven or air fryer until hot and crisp.

Crispy, golden Italian rice balls made with creamy seasoned rice, filled with savory cheese and fried or baked until perfectly crisp. Arancini are a classic Italian appetizer and a delicious way to turn leftover risotto into something special.

- 4 cups leftover rice or risotto
- 1 cup grated parmesan cheese
- 1 egg
- 2 Tbsp. chopped Italian parsley

FOR THE MEAT FILLING

- 2 Tbsp. olive oil
- 1/2 cup chopped onion
- 1 Tbsp. minced garlic
- 1 cup chopped celery + 1 cup peeled and chopped carrot
- 1 cup diced pancetta or bacon
- 1/2 lb. ground beef + 1/2 lb. ground pork
- 1/2 cup red wine
- 2 cups crushed tomatoes
- 2 Tbsp. tomato paste
- 1 cup water
- 1 Tbsp. dried Italian herbs
- 1 cup peas (optional)
- Ingredients to assemble:
- 4 mozzarella sticks cut into 4 pieces

FOR THE COATING

- 1 egg slightly beaten
 - 2 cups breadcrumbs
 - 1/2 cup grated parmesan
 - 1 Tbsp. chopped Italian parsley
1. Mix the cooked rice with 1 egg , 1 cup of grated parmesan cheese and the Italian parsley, salt and pepper to taste. Set aside while preparing the meat filling.
 2. To make the meat sauce: Start in 2 Tbsp. of olive oil by cooking the pancetta or bacon until crisp, then add the celery, onion, garlic and carrots and cook until soft . Once the vegetables are soft add the meats and cook until browned breaking up the meat as it cooks.
 3. Add the wine and let it evaporate before adding the tomato paste and water. Bring to a boil, then turn down to a simmer cover and cook for one hour. If using peas add them to the meat sauce the last 10 minutes .
 4. This recipe uses about 3 cups of meat filling any leftovers can be used for pasta sauce.
 5. To assemble and fry; the rice should be warm for easier forming , if the rice has be in the fridge warm in the microwave.
 6. Wet your hands this will make forming the rice balls easier. Take about 1 Tbsp. of rice and flatten into your cupped hand. Place 1Tbsp. of the meat filling and 1 piece of the mozzarella in the center and roll into a ball making sure all the filling is covered .
 7. Then in a bowl mix the breadcrumbs with the parmesan cheese and Italian parsley. In another bowl whisk the egg slightly
 8. Dip the arancini balls first in the egg and then in the breadcrumb mixture. Now refrigerate for 30 minutes or even overnight.
 9. Then bring 3 cups of canola – olive oil blend to medium

high heat and fry the rice balls until golden brown about 5 minutes.

10. Drain on absorbent paper . serve hot.

Make sure the rice is completely chilled before forming the arancini. Cold rice is much easier to shape and will hold together better. Keep your hands slightly damp as you form the balls, and don't overfill them—this helps prevent the filling from leaking out while cooking.

Filet Mignon with Red Wine Reduction Sauce

Filet Mignon with Red Wine Reduction Sauce This post may contain affiliate links, that help support this blog. If you make a purchase through these links, I may earn a commission—at no cost to you. For more information read my disclosure policy.

Filet mignon, renowned for its buttery tenderness and mild flavor transforms into something extra special when paired with a luxurious wine reduction sauce. This simple yet elegant addition combines the bold richness of red wine with shallots and fresh herbs creating a sauce that enhances the steak's natural juiciness. A wine reduction sauce is surprisingly easy to make. With just a few high – quality ingredients and a bit of patience, you can make a dish that is restaurant- worthy. Pair your filet mignon with this sauce and serve with roasted vegetables and creamy potatoes for a meal perfect for special occasions or when you want to indulge.

Tips for the Perfect Filet Mignon

Bring the steaks to room temperature. Allow the filet mignon to sit at room temperature for about 30 minutes before cooking. This promotes more even cooking and helps you achieve a beautifully browned crust while keeping the center juicy and tender.

Season generously. Season both sides of the steaks well with salt and freshly ground black pepper. Filet mignon is a mild cut of beef, so proper seasoning makes a big difference.

Use a heavy-bottomed skillet. A cast-iron skillet is ideal because it holds heat exceptionally well. Preheat the skillet thoroughly before adding the oil. Once the pan is very hot, add the steaks and sear for about **4–5 minutes per side for medium-rare**, or adjust the cooking time to your preferred doneness.

Don't skip the resting time. Transfer the steaks to a plate and let them rest for 5–10 minutes before slicing. This allows the juices to redistribute throughout the meat, keeping your filet juicy and tender.

Deglaze the pan. After removing the steaks, add the wine to the hot skillet and scrape up all those flavorful browned bits from the bottom of the pan. Those little bits are packed with flavor and are the foundation of a delicious red wine reduction sauce.

Chef's Tip: For the best sear, make sure the filet mignon is **thoroughly patted dry** before seasoning. A dry surface and a very hot skillet are the keys to achieving that beautiful restaurant-quality crust.

Serving Suggestions

Serve your filet mignon with creamy mashed potatoes, roasted asparagus, sautéed mushrooms, or your favorite roasted vegetables. Spoon the rich red wine reduction generously over the steak just before serving.

Storage

Store leftover steak and sauce separately in airtight containers in the refrigerator for up to **3 days**. Reheat the steak gently to avoid overcooking, and warm the sauce

separately over low heat.

2. Heat a cast- iron skillet over medium high heat until smoking hot. Add the olive oil and let it shimmer. Place the steaks in the pan and sear for 4-5 minutes per side for medium rare.

3. Add 2 Tbsp. of the butter tilt the pan and spoon the melted butter over the steaks for added flavor, while cooking.
4. Remove the steaks from the skillet tent with foil while preparing the wine reduction sauce.
5. In the same pan , add 2 Tbsp. of butter and the shallots cook until the shallots are soft and fragrant (4-5 minutes). Add the red wine and beef stock scrap up the brown bits from the bottom , add the rosemary and thyme and let it simmer until reduced by half about 10 minutes. Then whisk in the remaining 2 Tbsp. of cold butter cubes to create a glossy finish.
6. Slice the steaks on a diagonal pour the sauce over it.

Let the steaks rest before slicing. After searing the filet mignon, transfer it to a plate and let it rest for about 5–10 minutes. This allows the juices to redistribute, keeping the steak tender and juicy.

There's something special about Italian Sundays. It's the day when life slows down, the kitchen becomes the heart of the home, and the smell of sauce simmering on the stove fills the house.

My Meatball Sunday Sauce is my easier, more approachable version of that tradition. You still get tender, flavorful meatballs and a rich tomato sauce, but without spending all day in the kitchen. The sauce cooks for about 1½ hours, giving you plenty of time to let the flavors develop while keeping the recipe manageable for today's home cook.

It's also a great recipe to make ahead, and like many Italian sauces, it may taste even better the next day. Serve it over your favorite pasta, add some crusty bread, and you have the kind of Sunday meal that brings everyone to the table.

Because Sunday sauce is about more than the sauce—it's about family, tradition, and making time for the people you love.

Minimal prep: The ingredients are simple and easy to find, and you don't need any fancy equipment or complicated techniques.

Easy to assemble: The meatballs come together quickly, and the sauce can be simmering on the stove in about 30 minutes. Then you can let it cook while you get on with the rest of your day.

Make-ahead friendly: Both the meatballs and sauce can be made ahead and refrigerated for up to 3 days or frozen for up to 3 months. Just reheat when you're ready for an easy homemade meal that tastes like you spent all day in the kitchen.

Versatile: Serve this Sunday sauce over your favorite pasta, spoon it over creamy polenta, or enjoy the meatballs and sauce on their own with plenty of crusty bread for dipping.

In the meantime make the meatballs: Preheat your oven to 375- degrees In a bowl add the eggs, milk, cheese and bread. Let sit for 10 minutes. Then add the rest of the meatball ingredients except for the ground beef and mix until well combined. Then add the ground beef, and mix just until well mixed. If your looking for the ultimate comfort food that's both hearty and delicious, sausage mushroom sauce polenta is what to make. This dish is the epitome of rustic Italian cooking, blending savory spicy sausage, earthy mushrooms, and velvety polenta into a meal that warms your heart and soul. Whether served as a casual family meal or Saturday night dinner with friends, it's a guaranteed hit.

Tips for making sausage mushroom sauce polenta

1. Choose the right sausage and mushrooms: When I make this dish i like using spicy Italian sausage for it's bold flavors, and pairs well with cremini mushrooms. The sausage adds a savory depth, while the earthy mushrooms balance the richness. of course you can use any mushroom that you prefer or mild Italian sausage. A splash of red

wine makes the sauce even more flavorful- trust me, it's worth it.

2. Slow cooked polenta is key: polenta reminds me of my Italian childhood- it's comfort food through and through. Stirring the polenta slowly and consistently ensures it turns out creamy and lump-free. Adding parmesan makes it indulgent. the way my family used to enjoy
3. Layer flavors: One trick I learned is to season each layer. Saute the sausage and mushrooms with onion and garlic , then let the sauce simmer gently. This brings out deep, complex flavors that makes this dish delicious and unforgettable. Enjoy every moment while making this- it's one of those meals where the love you put into it really shines through!!!

When I was growing up , my mother would make this incredible Italian baked stuffed eggplant. It was one of those dishes that filled the house with the warm, familiar comforting aromas of garlic, herbs and bubbling cheese. For her it wasn't just about creating a meal, it was about bringing the family together.

I still remember standing on tiptoes to peek into the kitchen watching her scoop out the eggplants with such precision that even as a child somehow I knew she had done it many times before. She always said the secret was in the balance of the ingredients- the sweetness of the roasted eggplant, the heartiness of the Italian sausage and the creaminess of the cheese. It was a dish that transformed humble ingredients into something delicious.

Today , I'm sharing my mother's recipe with a few modern twist of my own. This dish is my way of keeping those cherished memories alive and sharing them with my own family – and now

with you.

Tips for an easier Italian baked stuffed Eggplant recipe

1. Use small eggplant: Opt for baby eggplant or smaller globe eggplants. They require less scooping and cook faster.
2. Skip the Pre- salting: Modern eggplants are usually less bitter, so you can skip salting them to save time.
3. Pre-cook the eggplant shells: Roast the hollowed -out eggplant halves before stuffing. This softens the flesh reducing cook time.

Simplify the filling: Use pre- cooked or leftover rice. Also this Italian stuffed eggplant recipe can be made ahead of time making it the perfect option for busy schedules or holiday entertaining. To prepare in advance, assemble the stuffed eggplant by hollowing them out, preparing the filling and stuffing the shells. Cover and store the assembled eggplants in the refrigerator up to a day ahead. When ready to cook, transfer them to baking dish cover with foil and baking as directed, adding a few extra minutes if baking directly from the cold refrigerator.

Storage

Store leftover stuffed eggplant in an airtight container in the refrigerator for up to **3–4 days**. Reheat in a 350°F oven until heated through. You can also microwave individual portions, although the oven will give you a better texture.

Creamy Italian Sausage Risotto is the kind of dish that makes a cozy night at home feel a little special. Creamy Arborio rice is slowly simmered in flavorful broth with savory Italian sausage and herbs, then finished with a touch of cream for an extra silky texture. It's rich, comforting, and full of Italian flavor, yet simple enough to make for a weeknight dinner or serve when you're gathering with family and friends.

Three tips for success when making creamy Italian sausage risotto

- Warm your broth: Always warm your broth to maintain the temperature of the risotto. Adding cold broth slows the cooking process and makes the risotto less creamy . Keep the broth on low heat in a separate pan and add it a ladle at a time, while stirring.
- Toast the rice: before adding any liquid lightly toast

the rice along with the sausage. This step enhances the nutty flavor and helps the rice hold it's texture as it absorbs the broth.

Stir often: Stir often, stirring releases the starch from the rice, creating a creamy consistency. Creamy Italian sausage risotto is a comforting and flavorful restaurant quality dish that brings the heart of Italian cooking to your table. Simple, satisfying and sure to impress- enjoy every delicious bite.

Risotto is best served immediately while it's creamy and loose. If it sits too long, the rice continues to absorb the liquid and becomes thicker. If needed, stir in a splash of warm broth just before serving to bring it back to the perfect consistency.

Storage

Store leftover risotto in an airtight container in the refrigerator for up to **3 days**. Reheat gently on the stovetop or in the microwave with a splash of broth or water to loosen it.

Kitchen Tools I Use

A few simple tools make making risotto easier. I like using a heavy-bottomed pot or Dutch oven for even cooking, a wooden risotto spoon for stirring, and a fine grater for freshly grated Parmesan.

1. In the olive oil over medium high heat cook the sausage in a large saute pan over medium high heat until brown , breaking it up into small crumbles as it cooks. Add the garlic and cook until soft.
2. Then add the rice and toast for a few minutes
3. Deglaze the pan with the wine waiting until it evaporates, then beginning adding the warm broth by ladle full while stirring continuously and waiting until it evaporates before repeating the process until all the chicken stock is added . this process will take 15 -20 minutes.
4. Once the rice is fork tender and creamy stir in the parmesan, heavy cream, Italian parsley, and butter. Mix until well combined and heated through .
5. Adjust your seasonings top with more parmesan and parsley.

The secret to creamy risotto is adding the warm broth gradually and stirring often. Don't rush the process—give the rice time to absorb the broth before adding more. The Arborio rice releases its natural starches as it cooks, creating that signature creamy texture without needing a lot of cream.

Stove Top Pot Roast

- 2 onions sliced
- 3-4 cloves of garlic

- 1 cup red wine

- a few bay leaves
- 4 large carrots peeled and cut into large pieces
- 4 medium potatoes cut in half
- salt and pepper to taste

1. Salt and pepper the meat Then in a dutch oven over medium high heat in the olive oil sear the meat on all sides. Remove and set aside
2. In the same pan add the onion and garlic cook until soft and translucent. Deglaze the pan with the red wine. Waiting until it evaporates before adding the beef stock, bay leaves and marinara sauce.
3. Return the meat to the dutch oven cover and simmer for 2-2 1/2 hours. or until the meat is fort tender. Then add the carrots and potatoes and cook for an additional 15 – 20 minutes or until the vegetables are fort tender. Top with fresh Italian parsley.

Tip textDon't rush the braising process. Keep the pot at a gentle simmer rather than a rapid boil. Low and slow cooking gives the connective tissue time to break down, resulting in tender, flavorful beef. If the roast isn't fork-tender yet, give it more time.
