## What Makes Easy Chicken Piccata Easy???

This Easy Chicken Piccata recipe is so easy on so many levels. First, you only need a few common ingredients. The only ingredient may be not be so common could be the capers

Second, Chicken Piccata is nothing more than fillet chicken breast dredged in flour and saute to a golden deliciousness.

One important thing to remember when sautéing, the saute pan needs to be big enough to cook the chicken to a golden brown.

If the saute pan is too small your chicken wouldn't brown, you'll end up with chicken that looks like it was boiled instead of sautéed,

we don't want that boiled chicken look in this recipe. We want beautifully browned chicken, so we can deglaze the pan and scoop up

all those delicious browned bits at the bottom of the pan, where all the flavor is!!!!
